On Friday 13 November K/1/2 went to Wambangalang. When we arrived we had Crunch and Sip and then we went to play on the equipment, it was fun. After we played on the equipment we went to the classroom and met Stubbsy the blue tongue. David showed us some Aboriginal artefacts. There were two rocks that you rub together to make flour, there was an emu egg, there were weapons such as spears, boomerangs, rock knives and woomera’s. After this we went outside and played a target game. We had to hunt animals with a woomera, it was awesome.

We had lunch under the COLA and another play on the equipment. After lunch we went to the classroom to look at Aboriginal artworks and symbols. Then we painted boomerangs in the COLA area. When we had finished we had recess.

After recess we went back to the classroom to meet Gurri the python. We all had a pat, she was smooth. Then we hopped on the bus and headed back to school. It was an amazing day and we learnt so much more about Aboriginal Culture. Thanks to Charmaine, Belinda, Amanda Cameron and Katherine Molnar for coming with us. Thanks to David at Wambangalang for having us. Thanks to Mr Ross Smith for driving the bus.

PRINCIPAL’S REPORT:

Thanks to all for messages of support to me in regards to the passing of my Mum, very much appreciated. Thanks to the staff and students involved in a variety of activities last week:

- 7 – 10 exams
- Work placement
- NRL clinics
- Golf clinics
- Remembrance Day celebrations
- K/1/2 Wambangalang Excursion

The commemorative pavers have been delivered and we will look to lay them before the end of term.

The school safety zones have been modified and the flashing lights and zoning has now been put in the correct places. It is important for the students when walking home to use the pedestrian refuges and cross the roads safely.

Peer Tutor Training

Last Friday our Year 9/10 students completed their peer tutor training in assisting students to improve their reading skills. This week our Year 9 volunteers will team up with children from K/1/2 and support them with their sight words and increasing their fluency. The program will take place from Mondays to Thursdays, for 15 minutes per day, and conclude in Week 10.

PRIMARY GOLF CLINIC

We were pleased to have a representative from Dubbo Golf Club visit our school last week and run golf clinics for our Primary students.
**YEAR 8 KIDNEY DISSECTION**

Year 8 have been investigating the various systems in the body. In this practical students were investigating the structure of the kidneys and their role in the excretory system.

**YR 8 PARTICLE SIZE AND DIGESTION**

Year 8 were looking at the different parts of the digestive system. Teeth are at the start of the digestive system and play an important role in breaking up food into smaller particles so that the digestive juices in the stomach can better process it.

**YEAR 9/10 MYRANGE EXCURSION**

Years 9 and 10 learning about landcare practices out at Myrangle with Don Bruce. Students participated in a range of hands on activities including soil profiling and testing for pH and composition, water salinity testing and sugar testing in annual grasses and weeds. The day was an excellent day enjoyed by all.
